EXPERIENCE

Software Engineer — Example Tools | 2023–2025

- Built reliable TypeScript and Node.js REST APIs for a task-management application.
- Optimized PostgreSQL queries, reducing measured p95 response time from 240 ms to 160 ms.
- Wrote automated Vitest unit tests and documented API error handling with a small three-person engineering team.

EDUCATION

BSc Computer Science — Example University | 2023

SKILLS

TypeScript, Node.js, PostgreSQL, SQL, Vitest, Git
